REPORT OF THE SCHOOL NURSE

West Swanzey, N. H., Feb. 11, 1936.

Mr. W. H. Douglass, Superintendent of Schools,
Winchester, N. H.

My Dear Mr. Douglass:

Through the generosity of several organizations in town I have been able to hold again this year a dental clinic. Last year we had state funds that were very much appreciated but this year I was obliged to appeal to the different social organizations for funds. The following responded immediately: East Swanzey Women's Cub, Golden Rod Grange, Swanzey Center Home Community Welfare of Golden Rod Grange, Swanzey Center, Golden Rod Juvenile Grange, Swanzey Center, Hopkins P. T. A., Swanzey Factory and the Swanzey Chapter of the American Red Cross. To all of these I am grateful. When one receives such an immediate response in time of need it is most encouraging.

Am enclosing a report of last year's dental clinic, tonsil and adenoid clinic, orothopedic work and miscellaneous work.

In closing I wish to thank you and the school board and Dr. Hopkins for your cooperation and help.

Sincerely yours,
MAXINE R. REYNOLDS,
School Nurse.

SUPERINTENDENT'S REPORT

To the School Board and Citizens of Swanzey:

I have the honor to submit, herewith, my eleventh annual report.

BUILDINGS AND GROUNDS: All of the buildings were thoroughly cleaned during the summer and only needed minor repairs, such as painting, varnishing, etc., were made. Last year, I called your attention to the unwholesome and unsanitary condition of the toilets at East Swanzey. These toilets are in a shed back of the school which makes it necessary for the children to go out and around the school building in all kinds of weather. Further, they are screened neither from the street nor the playground. There is no separate approach nor can they be properly supervised by the teachers. Article 8 in your warrant gives you an opportunity to relieve this deplorable situation.

The Westport school building also needs outside painting this year.

TEACHERS AND PUPILS: There are two changes to be recorded in the teaching staff. Miss Dorothy Maxim, teacher of grades 7-8 at Cutler school, resigned to accept a more lucrative position, and Miss Laura McQuide of Hanover, New Hampshire, a graduate of Keene Normal School, 1935, in the three-year Junior High School Curriculum was elected to this position. Miss Dorothy Dodge of Claremont, New Hampshire, a graduate of the Wheelock School of Boston was elected to take the place of Miss Iris Pohl in the primary room at the Center School.

The teachers are still contributing 5% of their salary to the relief fund. Their salaries are relatively low when com-

pared with salaries in the state. Now that the emergency is passing, I feel that they should be relieved of this burden. It is interesting to compare the cost of education in Swanzey with the average cost in the state. The median cost of educating an elementary pupil in New Hampshire is $76.93, while in Swanzey it is $53.72 or $23.21 less than the state median.

HEALTH: I hope you will read carefully the report of the District Nurse and consider the valuable services that she renders in the interest of the children's health. Such service can not be measured in dollars and cents.

Mention should be made in this report of the formation of an active and enterprising Parent-Teacher Association at Swanzey Factory in connection with the Hopkins School. One of their first enterprises was to seek to have their school's name changed from "Factory School" to the "Hopkins School" in honor of Dr. A. W. Hopkins, for more than 25 years a member of the Swanzey School Board. This is a fitting tribute to the services of one who has been so long identified with the educational interests of the town. It might be suggested that some of the other schools be named in honor of persons who have been prominently identified with the life of the community in which they lived.

In conclusion, I wish to express my full appreciation for the hearty cooperation which I have received during the past year from the School Board, parents, teachers and the general public. It is only by united, cumulative effort and intelligent cooperation that the best results can be achieved.

Respectfully submitted,
WESLEY H. DOUGLASS,
Superintendent of Schools.

The great task of the school is no longer that of preparing the individual to compete for pecuniary success in a highly competitive society, for we no longer live in a highly competitive society. Its primary task is to give the individual a realistic understanding of society and its problems, to examine critically and to test by the democratic ideal the various proposals that are being brought forward for economic and social reconstruction.

JESSE H. NEWLON,
Teachers College, Columbia University.

Educators face a fourfold challenge today, that of (1) rebuilding the family as a stabilizing factor in modern life; (2) rebuilding a moral code of adequate living to replace the inflated postwar standards; (3) rebuilding a genuine patriotism which shall include both national and international loyalties; (4) rebuilding a conception of dominating spiritual forces which were shattered in the grief and despair of war devastation and desolation.

IRMA C. VOIGHT,
Dean of Women, Ohio University, Athens.
